The Rehabilitation Studies program prepares professionals to support consumers with disabilities in achieving their life’s goals through actualizing each individual’s full human potential. Due to the broad focus of this program, individuals may pursue careers within various public and private human service settings. Graduates of our program may choose from a wide variety of specializations enabling them to succeed in many different roles including consumer advocacy as well as service delivery and coordination. Check out the department website at http://dar.hps.unt.edu for information about faculty, application process, course descriptions, practicum, employment opportunities, and links to other rehabilitation-related sites such as licensing. The HPS Student Services Advising Office assists students with degree planning.

The Bachelor of Science degree in Rehabilitation Studies from the University of North Texas consists of 120 college credit hours. The degree requires 42 hours of general academics, 30 hours in the major, and 48 hours of general electives. Overall GPA must be 2.3 or above. This degree program offers a fully web-based learning option.
