

College of Health and Public Service

BS with a Major in Addiction Studies (2025-2026 Catalog Year)

The following four-year plan is one example of a variety of ways in which you can complete your chosen degree in four years and will serve as a guide for you to design your pathway to degree completion.

A bachelor's degree requires the completion of at least 120 hours, 42 hours of which must be advanced.

While students are encouraged to see their academic advisor each semester for help with program decisions and selection of classes, students themselves are responsible for meeting all course prerequisites.

Semester course offerings may vary. The schedule of classes can be viewed online through your MyUNT account. Enrolling at the earliest possible date of registration each semester is strongly recommended.
