

Graduate Student Full-Time Enrollment Equivalency Report

USCIS regulations require that all international students be enrolled full-time. The normal full-time course load required for international graduate students is 9 credit hours. However, there are specific situations in which full-time enrollment at the graduate school level may be defined by a different standard. The University Of North Texas Toulouse School Of Graduate Studies has defined these situations and they are listed below.

The Graduate School must approve your enrollment when you will be enrolled for less than 9 hours for one of the approved reasons listed below. Our office must have this form by the first week of classes for a given semester.

Graduate Student Full-Time Enrollment Exemption Request

To maintain F-1 and J-1 student status, international students must be enrolled in a full course of study each fall and spring semester (summer enrollment is optional if it is not your first semester).

- Graduate students are required to be enrolled for 9 credits. There are exceptions for graduate students at certain stages of your degree. See opposite side of form.

There are only certain reasons which U.S. Immigration will accept for enrolling less than full-time. The acceptable reasons are listed below. For any semester in which you are enrolled less than full-time, please complete the following form and have your faculty academic advisor sign the bottom section, if the advisor feels that you have a valid Immigration reason. Please note that immigration regulations do not consider financial difficulties a valid reason for enrolling less than full-time.

Bring the completed form to the International Student and Scholar Services office for approval. *All withdrawals must be processed by the student according to university procedures through the Registrar's office.* Do not drop your class until you have received approval from the International Student and Scholar Services office. You will be issued a new I-20 that authorizes you to be enrolled less than full-time for the given semester.
